

— Don't Go It Alone — Write Your Book With Help

Half my life is a revision

~John Irving, Novelist

Ghostwriting is a fantastic option for people who have valuable ideas to share but lack the time, energy, or skill to put them into written form.

~Jane Friedman, Digital Media & Publishing Consultant

When your book is the number one piece of content you can create, why would you ever want to risk not getting help from experts who know the roadmap cold?

~Melissa G Wilson, Networkling Founder & President

A lot of best selling books on the best-seller list are ghostwritten these days.

~Joanna Penn, The Creative Penn

Depending on the complexity of your topic, ghostwriters can either write the complete book for you or collaborate with you.

~Sydney LeBanc, Forbes Contributor

I like the story writing process. I usually use someone who has been trained for structure to take the story that I actually want, place those elements in the right places.

~Curtis Jackson, Musician & Writer

Never assume that you can go it alone when it comes to writing, publishing and launching your book. Get help, especially editing help. It's a must.
